Parc Audiovisual de Catalunya, located in Terrassa (Barcelona), has four sound stages, two backlots (asphalt surface and earth covered), and multiple lot locations such as an old hospital from the 1950s, more than 1,000m² of tunnels and catacombs, gardens, stairways and even a church. In total, more than 55,000m² of different spaces with an enormous esthetic potential.

The city of Terrassa, located just twenty-five minutes from Barcelona, boasts multiple locations with speedy processing of all necessary permits. The Terrassa Film Office, located in the Parc Audiovisual de Catalunya, has over fifteen years of experience and makes the city a great set for filming. In 2017, Terrassa was named a Creative City of Cinema by UNESCO.
